Service Information

Callnet offers a “SIM-only” mobile service, designed for use with your existing device. To use this service, you’ll need an unlocked phone capable of accessing the 4G or 5G network (depending on the plan you choose). You can choose to either request a new phone number or transfer an active number from another provider.

What Is Included?

This service includes the data allowance listed under ‘Monthly Data Allowance’, which can be used with any compatible mobile device. It does not include any voice, SMS or MMS allowances.

Minimum Term of Service

Minimum term of this service is one month, as it operates on a month-to-month basis.

Set-up or Termination Fees

There are no set-up or termination fees for this service.

SIM Card Fees

A Callnet SIM card is required to use this service. Your first SIM card is provided free of charge and will be mailed to you at no cost. Replacement SIM cards are also free and will be mailed at no charge.

Data Pooling

Callnet offers data pooling on the services listed under this CIS. Data pooling is available for services under the same company, allowing shared data across multiple users. 4G, 5G, Mobile and Mobile Data plans can be combined in a pool. The pooling plans do not include data banking or data rollover features. Any unused data in the pool will be forfeited at the end of each billing cycle. Additionally, if you switch from a non-pooling plan to a pooling plan, any banked data from the previous plan will be forfeited. A data pool can accommodate up to 300 services per pool. Additional pools can be created if you exceed this limit.

Auto Bolt-Ons

Once the data pool has been exhausted, a 10GB auto bolt-on will be automatically activated for \$60.01 inc GST. The bolt-on applies to the entire pool not the individual services. The bolt on expires at the end of the billing cycle. You will receive an SMS and email notifications when you reach 100% of the bolt-on usage. To check the current data balance at any time, simply SMS ‘bal’ to 179.

International Roaming Bolt-Ons

International Roaming is not available for this service.

Service Charges

Service charges commence from the day Callnet activates your service. Your first bill will be pro-rated from the activation date to the 27th of the month, and will also include a month in advance. As a result, your initial bill may be higher than your regular monthly plan fee. After the first month, your bill will return to the standard monthly charge for your plan.

Plan Changes

If you wish to change your plan during your billing cycle, the charges for the new plan will be added to your next bill. Please note that if you choose to downgrade your plan, any prorated charges from the previous plan will not be refunded. The new plan will take effect immediately, and the associated charges will be reflected in your subsequent billing statement. We recommend reviewing your plan options carefully to ensure it meets your needs before making any changes.

Plan Disconnections

If you choose to cancel your plan or transfer your number to another provider, any prorated charges for the current billing cycle will not be refunded. No credit will be issued for the remaining days in the billing cycle.

Billing Information

You will be billed on the 28th of each month for the full monthly plan fee based on your selected plan(s). The billing period covers from the 28th of the current month through to the 27th of the following month. You will receive your bill via email approximately 3-5 days after the 28th.

Payment Information

You can pay your monthly charge(s) by BPay, Credit Card, Australia Post Billpay, Cheque, Direct Deposit or Direct Debit, with payment due by the 15th of each month. To set up Direct Debit, please contact our Customer Support team.

If payment is not made by the due date, a \$10.00 late payment fee will be applied to your next bill. If you are experiencing financial hardship, please reach out to our Customer Support team to discuss available options.

Data Usage Information

You will receive notifications via SMS to your device when you hit 50%, 85% and 100% usage. You can SMS ‘bal’ to 179 from your device at any time to retrieve your current data balance.

Fair Use Policy

You are required to comply with our Fair Use Policy and refrain from using your services in an unreasonable or fraudulent manner, or in a way that negatively impacts the integrity of the network. If you breach the Fair Use Policy, we may take action, including suspending or cancelling your service. You can view our Fair Use Policy on our website at www.callnet.com.au/legal

Special Promotions, Extras and Subscriptions

This summary doesn’t include information on special promotions, optional extras, or subscriptions that you may access from time to time. Additional terms and conditions (including charges, changes and cancellation rights) may apply to such special promotions, optional extras, and subscriptions.
