

**CALLNET 1300/1800  
INBOUND PLANS**

Callnet's 1300/1800 Inbound services offer businesses a flexible and cost-effective solution for handling customer calls. This service enables customers to reach businesses at a national level without incurring the cost of a local call (1800 numbers only), enhancing accessibility and customer satisfaction. 1300 numbers incur a call charge for both the business and the caller, which 1800 numbers are free-call numbers, meaning there is no charge to the caller; the business bears the cost of the call. With features such as call routing, Callnet's 1300/1800 services ensure that businesses can effectively manage inbound enquiries and provide excellent customer support. Additionally, Callnet can port your existing 1300/1800 number(s) from your current provider or assist you in purchasing a new 1300/1800 number, ensuring a seamless transition and integration with your existing communication systems.

Calls are billed in per second increments.
