Service Information

Callnet offers a “SIM-only” mobile service, designed for use with your existing service. To use this service, you’ll need an unlocked phone capable of accessing the 4G network. You can choose to either request a new phone number or transfer an active number from another provider.

What Is Included?

This service includes unlimited calls, SMS and standard MMS* to both mobile and landline numbers within Australia, voicemail and calls to 13, 1300 or 1800 numbers.

* Does not include video MMS

Minimum Term of Service

Minimum term of this service is one month, as it operates on a month-to-month basis.

Set-up or Termination Fees

There are no set-up or termination fees for this service.

SIM Card Fees

A Callnet SIM card is required to use this service. Your first SIM card is provided free of charge and will be mailed to you at no cost. Replacement SIM cards are also free and will be mailed at no charge.

Auto Bolt-Ons

Once you've used up the data allowance included in your plan, a 2GB auto bolt-on will be automatically activated for \$10.00 inc GST. If the additional 2GB is exhausted, another 2GB bolt-on will be automatically added, up to 5 times per billing cycle. You'll receive both an SMS and email notification when you reach 100% of your bolt-on usage. To check your current data balance at any time, simply SMS 'bal' to 179.

International Roaming Packs

Callnet offers three International Roaming Packs: the 5GB Travel Pack, the 10GB Travel Pack, and the 3GB Travel BizPack. Each pack includes a set allowance of data, calls, and SMS. Upon arrival in an eligible roaming destination, you'll receive a Welcome SMS with key details about the available travel packs. To activate a pack, simply send its code via SMS to 179. You can activate multiple packs simultaneously. All packs feature Wi-Fi Calling and SMS, enabling you to make calls and send messages over Wi-Fi, even without a mobile signal (Wi-Fi connection required). Please note that roaming will not work in countries outside the eligible destinations list. We recommend purchasing a local SIM card to make calls and use roaming services in non-eligible destinations. However, you may still be able to receive SMS in these locations.

For more details and a list of eligible destinations, visit www.callnet.com.au/residential/sim-only-mobile-plans

Data Banking

With Callnet's data banking feature, any unused data can be banked, up to the maximum listed under the selected plan on page 1 of this CIS. If you choose to downgrade your plan, switch to a plan that doesn't offer data banking, or port your number to a different provider, all banked data will be forfeited. If your service is suspended, the banked data will remain but no additional data will accumulate during the suspension period. In the event of termination in error, all banked data will also be forfeited.

Service Charges

Service charges commence from the day Callnet activates your service. Your first bill will be pro-rated from the activation date to the 27th of the month, and will also include a month in advance. As a result, your initial bill may be higher than your regular monthly plan fee. After the first month, your bill will return to the standard monthly charge for your plan.

Plan Changes

If you wish to change your plan during the billing cycle, the charges for the new plan will be added to your next bill. Please note that if you choose to downgrade your plan, any prorated charges from the previous plan will not be refunded. The new plan will take effect immediately, and the associated charges will be reflected in your subsequent billing statement. We recommend reviewing your plan options carefully to ensure it meets your needs before making any changes.

Plan Disconnections

If you choose to cancel your plan or transfer your number to another provider, any prorated charges for the current billing cycle will not be refunded. No credit will be issued for the remaining days in the billing cycle.

Billing Information

You will be billed on the 28th of each month for the full monthly plan fee based on your selected plan(s). The billing period covers from the 28th of the current month through to the 27th of the following month. You will receive your bill via email approximately 3-5 days after the 28th.

Payment Information

Your account is payable by Direct Debit only, with payment automatically deducted from your nominated bank account on the 15th of each month.

If a payment fails, a missed payment fee may be applied to your next bill. If you are experiencing financial hardship, please reach to our Customer Support team to discuss available options.

Data Usage Information

You will receive notifications by SMS to your device when you hit 50%, 85% and 100% usage. You can SMS 'bal' to 179 from your device at any time to retrieve your current data balance.

Fair Use Policy

You are required to comply with our Fair Use Policy and refrain from using your services in an unreasonable or fraudulent manner, or in a way that negatively impacts the integrity of the network. If you breach the Fair Use Policy, we may take action, including suspending or cancelling your service. You can view our Fair Use Policy on our website at www.callnet.com.au/legal

Special Promotions, Extras and Subscriptions

This summary doesn't include information on special promotions, optional extras, or subscriptions that you may access from time to time. Additional terms and conditions (including charges, changes and cancellation rights) may apply to such special promotions, optional extras, and subscriptions.
